Adjudicator's Comments

OVERALL DEVELOPMENTAL APPROACH

Thank you for completing the Tidy Towns Questionnaire. As suggested for the future you should draw up a 3/5 year workable Plan. Try to involve the entire community. We are sure most people will have ideas as how to better the Village both for the locals and visitors alike. Make your plans realistic and ones where you can achieve success. Your Village has a lovely ambience about it and we enjoyed our visit very much.

WILDLIFE AND NATURAL AMENITIES

You have some nice open spaces. Ensure that you are using them to their best advantage. Try to identify some wildlife in the area. Are there any nature walks which could be developed? Your choice of shrubs in certain areas is to be commended.

LANDSCAPING

The tree planting in the Village looks very well and as they mature they will further enhance the area. All of the rockeries in the Village looks most attractive and the people responsible are to be commended.

THE BUILT ENVIRONMENT

The few business premises are well presented. The Funeral Home has to be singled out for special mention. The boundary wall at the School requires painting. The Tennis and Basket Ball Courts are a good amenity for the Village.

LITTER CONTROL

There was little evidence of litter on adjudication day. Castleplunkett is such a small compact Village it should be easy to keep it a Litter Free Zone.

TIDINESS

The Village looked neat and tidy apart from ongoing work at the building of the stone wall which is taken into consideration.

RESIDENTIAL AREAS

Great attention to detail is given here under this category. We saw some beautiful private homes with attractively manicured gardens.

ROADS, STREETS AND BACK AREAS

The approach road from Tusk is well maintained. We would suggest that you make a stone flower bed at the base of the sign or similar. Also if possible have all of the Castleplunkett signs on approach roads uniform. In general the approach roads are well maintained.

GENERAL IMPRESSION

You have a very picturesque Village. The ongoing work is commendable. Your plans for the old Barracks and the Turlough areas will succeed we hope. Continued success for the future!
