TOTAL MARK	300	118

Adjudicator's Comments

OVERALL DEVELOPMENTAL APPROACH

Thank you for completing the Tidy Towns application form. The village is so neat and compact it should be easy to develop a plan over the next 3 - 5 years, but it is important that everybody becomes involved. Adopt a limited number of jobs which you feel can be achieved each year. It would appear that the Local Authority is very active in Lisacul judging by the amount of road surfacing which was being carried out on adjudication day.

WILDLIFE AND NATURAL AMENITIES

You should strive to identify some wildlife in the area. Also perhaps the development of an amenity walk should be considered. You have some good open spaces and they should be used to their full advantage.

LANDSCAPING

Perhaps some parts of the graveyard could be tidied up a little, some of the graves are very overgrown. There is a lovely stone wall opposite the graveyard, but again a bit of weeding needs to be done. There is some nice tree planting at the Church, maybe you should consider further tree planting along the new path leading from the graveyard to the Church.

THE BUILT ENVIRONMENT

The Post Office is nicely presented, the window boxes provide a nice splash of colour here. The Church and School are well maintained. Perhaps some hanging baskets at Creatons Pub would help to enhance the surrounding area. Also the area around the hall could do with a bit of colour. The garden at the Health Centre is very overgrown.

LITTER CONTROL

Lisacul looked clean on adjudication day with good litter control. A good individual effort being made here. It is good to see that everybody does their bit to keep their area litter free.

TIDINESS

As mentioned already some weeding along by the kerbside requires attention . Overall the general appearance is good.

RESIDENTIAL AREAS

A good individual effort being made under this heading. It is important that every house owner paints their premises as the need arises, also that the boundary walls are well maintained and the gardens are presented to a good standard.

ROADS, STREETS AND BACK AREAS The sign for Lisacul on the Ballyhaunis approach could be better planted at the base. There are some lovely stone walls throughout the village. The square area is very attractive and nicely maintained. Generally the approach roads are presented to a good standard.

GENERAL IMPRESSION

Lisacul has good potential, but the entire community must come together to develop your plan. You have done much work since last year and I look forward to returning to your village. Continued success for the future.
